

- ▶ Solar-powered, automatic compaction
- ▶ Reduces collections by 4 times or more
- ▶ Eliminates overflowing bins
- ▶ Keeps litter in, pests out
- ▶ No trenching or wiring needed
- ▶ Reliable, safe and easy to use
- ▶ Demonstrates commitment to community & environment
- ▶ Educate your constituents
- ▶ Ad mounts provide marketing platform

**Modern solution**

**Classic problem**

“The [BigBelly] solar trash receptacles have to go citywide. It will give us a more productive work force because you don’t have to pick them up every day.”

— Mayor Thomas Menino, City of Boston

“The machines are working magnificently. They are better than advertised.”

— Jim Burkhardt, Cincinnati Parks Department

“Without question, the BigBelly system has reduced litter and made the city cleaner and more efficient. With the time saved on fewer collections, we can redeploy workers to other important tasks.”

— Mayor David Cohen, City of Newton, Massachusetts

“The main thing for a Business Improvement District is you have to make it look neater. New benches and planters are nice, but you have to get rid of the litter. The BigBelly has been terrific for our beautification efforts.”

— Marie Torniali, Steinway Street BID, New York City
